

**Resolute Partners makes complex network installations effortless delivering turnkey solutions for our clients.**

RESOLUTE Partners designs, engineers, installs, and operates secure wireless and wired networks and video surveillance systems to meet demanding mission-critical objectives, reduce costs, and support emerging applications including energy management and the Internet of Things (IOT).

**DIFFERENTIATORS**

- Global experience, provided networks and services on more than 50 military installations across the U.S., Germany, Kuwait, and Iraq.
- Proactive Client Relationship Management
- Resilient Project Management Capabilities

**NAICS CODES**

541512 Computer Systems Design Services (Primary)  
238210 Automatic Environmental Controls - Residential and Commercial  
238990 All Other Specialty Trades  
334210 WAN Network Communications  
334515 Energy Measuring Equipment  
517311 Wired Telecommunications Carriers  
517312 Wireless Telecommunications Carriers (except Satellite)  
561621 Security Systems Services (except Locksmiths)

Cheshire, CT 06410

**CORE COMPETENCIES**

**High Security Government Networks**

High-reliability, secure and encrypted, wired and wireless networks and Internet access that meet Government security requirements (FIPS, NIST, RMF).

**Video Security Networks**

Reliable, scalable, IP video security networks with purchase or lease options. Provides ongoing monitoring, support, and maintenance as well as Video Surveillance as a Service (VSaaS), which delivers a turnkey managed video surveillance solution at a fixed monthly cost.

**Energy Management Control Networks**

RESOLUTE designs, engineers, installs, and provides ongoing support for environmental and IoT network systems and equipment.

**Broad Range of Services & Support**

Comprehensive Site Surveys	Network Installation/Integration
Network Engineering and Design	ISP Circuit Provisioning
Cloud Solutions	Project Management
Hardware Procurement	Detailed Documentation
Systems Deployment	Remote and On-Site Support

**PAST PERFORMANCE**

**JOHNSON CONTROLS**

As Subcontractor, provided secure wireless data network for Energy Management and Control Systems at Marine Corps Air Ground Combat Center 29 Palms.

**Contract: \$2.1MM | 2010 - 2018**
